The Black Salve

1.

Take 4 ounces of the finest red lead and half a pint of the best sallet oyl, and mix them very well in a Skillet then set it on a slow fire to boyl very gradually till it begins to turn blackish, then trie it with a ragg, if it run through it will be too thin. if it be black and thick that it stick to your finger a little not too much take the skillet of the fire and put in as much palm of sitz as will lye on a half crown and keep it stirring till you think it is well melted, then poure it into galley pots when you use it for a sore spread it on a ragg but if it be for a pain in the limb or back then spread on a gentle lam leather it will keep 4 or 5 year it is good for a cut or a bruise or a chapt lip or a pain in the back or side take a little & put into a small galley pot by it self and put in as much more palm of sitz as will lye on a half crown and keep for sore nipples or a burn or any thing you woud have heal it is good for a blister when it is inflamed.
you must have your lead at the apothecary finely searched

from my Mother

The Yellow Salve

Take 4 ounces of venys turpentine 3. an. $\frac{1}{2}$ of a ounce of barrows grease 3. $\frac{1}{2}$ a ounce of the best yellow bees wax shaved very thin then set on a slow fire in a skillet to melt then put in your barrows grease & let it be melted when it is melted take it of the fire and stirring in your turpentine last, last warm them all together then pour it into galley pots for your use this is a grate drawer it is good for a boyl or sore breast from my mother

M^{rs} Boxes Searcloth

$\frac{1}{2}$ pint of Tallet oyle
 1 ounce of barrows grease
 2 ounce of Oyle Scorpion
 1 ounce of Grays or badgers Grease
 1 ounce of Erkin or hedgehogs Grease
 4 or 5 ounce of Red Lead

Boyle all these together over a gentle fire to a
 Searcloth then try it with a pease of dowlas till
 you find it will bare when ready dip in peices of
 Dowlas whilst it is hot and lay them on pewter dishes
 or plate oyled till they are cold and hard

Cap. Vebars Searcloth A grat Drawer

Take half a pint Linseed Oyl

3 ounces of white Lead

And mix them together and boyl it till it turns black
 and then try it with a ragg whether it will stick
 if it will it is enough then dip in your ragg and
 rowle them up for your use and keep them in a
 damp place

A Plaister for y^e Stomach & Consumption

Take one ounce of burgomy peiche

One ounce of roson.

One ounce of bees wax

this is good for any strait
 or bruse ach or pain
 applied to the grievous
 parts

Melt them in a little earthen pipking then put in
 3 quarters of an ounce of ordinary Turpentine half
 an ounce of oyl of mace spread it on a peice of
 of leather cut fit for the stomach and grate a little
 of it on it before it is cold it must be renewed every
 three week

A Plaster for Sore Eyes

3.

Take beton, hemlock feather few chamomel of each
half a handfull shred them very small then take 2 ounce
of bole ~~almoniac~~ ^{almoniac} fine powder 3 ring and mix all these in
half a pound of tar, and lay it on new hempen cloth ~~that~~
as it comes from the weaver, that has never been washed,
lay it on each temple and the top of the head shift
it with new 3 times a week, and every time taking new cloth
if you find it to thin you must put in more of the herbs &
powder the hair must be shaved ~~of~~ where the plaister is
laid on, the plaister on the top of the head must be pretty
large to cover the top of the head.

from my mother ^{III^{rs}} Hides Plaister.

Take a quarter of a pint of the best Tallet oyl
2 penyworth of frankincense
2 penyworth of rosin & 2 penyworth of venis pitch
2 penyworth of bees wax
then put these in a new pinking to boyl till all be melted
then take it of stirring till it hath done boyling, then
drop in 2 penyworth of veans turpentine stirring it till
it is cool enough to be put into galley pots it will
cure any cut or sore when you use it melt it and dip lint
in it if the wound be deep.

A Plaster for Temple

Take Mastick dragon blood marr an equal quantity
of them beasflower as much as will make it into a
Salve with the white of egg well beat this is good for
the head ache

4

A Plaister of Basilocon

Take 6 ounces of turpentine
 5 ounces of frankincense
 6 ounces of Clear pitch
 9 ounces of yellow bees wax
 6 ounces of roson
 6 ounces of beefsuet
 1 pound and 4 ounces of sallet. oyl

Dissolve them on a gentle fire and strain it
 into your galley potts

Unguentum Album

Take 8 ounces of the best olive oyl
 12 ounces of hogs grease
 4 ounces of white wax
 6 or 7 ounces of Serous washed in rose water
 4 drames of Camphere

Let your hogs grease & wax be melted first and
 put into a pot then put in your serous & oyl
 and your Camphere and keep it stirring till
 it is Cold

Plaister for the Belly for a flux

Take the old marmalade of quince 2 parts
 of that and one of diacordiam and a little
 Cinnamon on the top of your Plaister and
 Margent it round the edge of your leather
 with diapalme plaister for a flux

Take the Caul of a Sheep and shred it fine then
put it into a pipking and a quart of a pint of rose
water and let it boyl all together a while, then strain
it from the skins then put in your pipking again
to warm you must have your raggs ready to dip in
when you have dip the raggs hold them to the fire
to draw off some of the fat from them when they
are hot you must lay them on pewter dishes to cool
smooth them with your hands & role them
up for use

From my Mother Ague Plaister

Take a dram of Frankincense
a dram of Mastick
a dram of Myrrh
Mix all these together and then take a spoonfull
of oil of them and add the ligns of a walnut of Venus
Turpentine, & let it melt over a fire or spirit
frame till it is all well melted then have your
leather ready to be spread for the use of the
persons rist it should be layd on before the 3 sits
when the plaisters are spread throw some of the powder
of mastick on the top by on a moult

From my Mother Nurse Oakes Plaister for a breast

Take 2 ounces of linseed oyl and 2 penny worth of diapalm
3 ounces of virgin wax and half an ounce of palm of
Sitt and one spoonfull of hungary water boyl all
these together till it is of a good thickness then
spread it on a linnen cloth

The Lips Salve

Take Half a pound of Hogs lard a quarter of
 a pound of Virgin wax ^{or Saffron} a quarter of a ounce of
 oyle of Sessamy or Essing of Lemons melt all
 these together then put in as much ~~ack~~ ^{ack} root
 as will make it of a good red then put it
 into your nose ^{or Saffron} for use add 2 ounces of ^{very good} Pomatum
 from Mr. Heathcote & Hackney Eye Salve ^{Strain it through a sieve}

Take May Butter well clarified in the sun 2 pound
 & of an ounce of virgin wax 1 ounce of Lapis Lazuli
 finely powdered 2 drams of camphor
 Dissolve all these together in a pewter dish over a
 gentle fire when they are well mixt and melted
 put in 2 spoonfull of red rose water then take
 it off the fire & stir it till cold keep it in
 a gally pot close covered with a skin and leather
 use it night and Morning put into the Eye the
 signels of a peca and hold the Eye Lid down while
 melted it is good for hot and cold Rhumes pin
 or web.

You must use it to both Eyes tho but one be
 ill and wash your Eyes after with red rose
 water from Mr. Heathcote & Hackney.

A Salve for the Kings Evil

Take an ounce of bees wax an ounce of resin and as
 much sweet oyle as they both contain and simmer
 them together in a pipking till they are all melted

To Make Issue Plaster

7

Take. Diackilon 1 pound Resin $\frac{1}{2}$ a pound
Yellow Wax $\frac{1}{2}$ a pound Turpentine 2 ounces
Take all these, and melt them in a pipking, and
let it stand till it is cold the next day. Heat it
and pour some one a plate, and set it over a
lamp to keep hot, then take your paper draw
over the top but be sure you dont let it come on
both sides take care you dont melt the plate
for it is very apt to doe

M^r Tanner. For A Large Cut or Wound

If here there happens to be a large Cut and no Surgeon
at hand - take some warm milk and wash the wound
and when you have done that shake some flower
into it and then fill the wound with dry lint and
cover it with a diachalum plaster and send them
to the Surgeon

M^r Tanner

A Plaster For the Stomach

Take. of Burgany Pitch and Beeswax and oyl of mace; a
quarter of an ounce. of each and mix them together
stirring them all the while. and when you think them well
mixt Incead of them upon leather and grate sum nutmeg
upon it and lay it on your stomach this is for a sit-
ing at your stomach

Take a pound of tar and half a pound of fresh butter
 put into an earthen pot and heat them well together
 with a hassell stick which must be very well heated
 at the fire often that the tar and butter may mix
 well; and with the same hassell stick well heated lay
 it all over the place affected doe this every day
 for a fortnight to gether, this cured a woman that
 hath had ^{the} Leprosy for 30 years it sheed all her
 skin and she was like a new born child

A Plaster for a sore Breast

v

Take 4 of a pound of white Leade and 1/2 pound of
 Leas wax. and 1/2 a pound of sallet oyle put the oyle
 and wax together stirr them over the fire till they
 are all melted then put in the lead and stirr them
 till they boyl and boyle them 2 hours and half
 keep it stirring off from the fire till it is
 cold then put it in to pots for use

For a Scall or Burn

Take Diapalma Plaster 4 ounces melt it in a
 Pip King and pour into it 6 ounces of oyle of
 Elder that will make it into an ointment as
 much Spermasity as will ly on a half crown,
 and let it all simmer together, & let it stand to be
 cold & spread it on a rag

anner

Take of Rosemary, sweet majoram Lavender wormwood
 Camomile and the flower Rue bay leaves the youngest
 Charity? vale retum of each a handfull, well pickt but
 not washed chop them & beat them in a mortar all to-
 gether then put them into a quart of good Sallat oil
 add to them an ounce of cloves half an ounce of mace
 half an ounce of nutmegs beat them small & put them
 in to the oil and herbs.

Put them in a stone jagg, and stopp it up with wood
 flax & what els. necessary to keep out all ayre, tie
 a leather over it and set it in a horse dung hill for
 thirty days then strain it out and keep it in a bottle
 close stoped for your use

His good to take inward for bruisés given between
 four or ten drops according to the age or Constitu-
 tion of the party it must be given in a spoonfull
 of posset drink and a draught of posset drink after
 it and so to be taken as you find occasion twelve

times between if you doe repeat it, it is good for
 sore brest to anoint them and for swelling wounds
 or aches coming of cold caught it is good for
 deafness to warm 2 or 3 drops & put into the ear
 tis good to anoint a bruse as well as take it inward
 tis good for little heat or pimples on the fingers
 & so forth

Cosen Dancomb.

For A sore Breast

Take Honey & spread it on linc paper and then
 strow some fine pepper on the top of it, this is good to
 brake a breast of a swelling and hath done a grate of
 good in such like case

A Green Oynment for Scalds or Burn

Take Horse leath one pound elder Tops night shade
 ground Ivy plantain mellolet and sage of each half
 a pound breack them and braisethem well then put them
 in a pan and add oyle 3 pints and may butter 2 pound
 gallow wax one pound, rosin eight ounces Turpentine
 4 ounces and let all these boyle together, then cleave
 them of into your pots

An Oynment to Cure a Scald Head

Take a New layd Egg and make a hole in it and cut
 out all the meat. Then fill the shell $\frac{3}{4}$ quarters full
 of the best live Honey, then take as much white
 coparas as will lye on a three pence and put it to
 the honey. Then sett it on a fire coals and boyle it together
 a pretty while and skim it now, and then, with the edge
 of a knife, when it is boyled up to the top and you think
 it is well mixed with the boyling, take it of and
 straine it and put it in to a gally pot and anoint the
 place that is greived and keep it for your use.
 this my Mother knows hath Cured Severall

The Oynment of Tobacco from Co Ash 12^v
Take Tobacco leaves 3 pounds Bruise them, Oyle of
olive 2 pound wax 10 ounces resin 4 ounces Turpentine
2 ounces Boyl all these together till the hearbs begin
to be a little Crisp then strayne it into pots

An Oynment for the Eyes
Take of bole almoniack washed in rose. water
one ounce lapis calaminaris washed in eyebright water
Saff prepared of each two drams: pearls in very fine
powder half a dram camphire half a scruple opium
five grains fresh butter washed in plantane water
as much as is sufficient to make it into an oynment
According to art, it is exceeding good to stop hot
rhume that fall down into the eyes the eyelids being
but Anoynted with it

Oynment of Tully.
Take of Tully prepared two ounces lapis calaminaris
often burnt and quenched in plantane water an ounce
make them being finely powdered into an oynment
with a pound and a half of oynment of Roses
It is a cooling drying Oynment appropriated to
the eyes to dry up hot salt humours that flow
down thither, the eyelids being anointed with it

To Make Luatellus Balsome

Take 3 pints of the best Oyle of olive half a pound
 of bees wax two ounces of ^{Red} Sanders, a pound of Venice
 Turpentine, one dram of Cochenile, one ounce of true
 naturall Balsom, one ounce of Oyle of St John wort, half a pint
 of sack, half a pint of damask rose water, cut the
 wax, then put it into an earthen pan, so bigg as may
 hold all the ingredients and set it on a chaffindish,
 of colesmelt & let it boyle a while then put in your Oyle,
 which must be before beaten, with ^{the} sack till they be
 so incorporated, that there is no separation, but
 remember to save, a or, 3 spoon fulls of your sack out,
 then make it boyle a little & take it of & stirre
 it, then set it on again, and so doe 3 times, & it
 boyles take a little up in a spoon to see if the sack
 spends, then put in your Turpentine, which must be
 washed, till it be white, in ^{the} rose water and all the water
 drained from it, then lett it boyle a little taking it of
 some times to see if the sack be spent then put in
 the oyle of St John wort stirring it all together then
 put in your cochenile which must first be beaten very
 small, in a brasse mortar & boyled in the sack that
 was left out & that & the sack put in there stirring
 it with, then take it of the fire and stirre it till
 it is cold, then sett it on the fire and make it
 scalding hot, then take it of & stirre, in your sanders
 all the while you are stirring them in, then take it of
 the fire againe, & keep it stirring till it be pretty coole
 then put in your balsome and keep it stirring till it is all

Thick as hot starch if the Balsome be put in hot
it will be hard & not so good for use
from another

An Oymment for the Piles

Take one handfull and a half of elder leaves one handfull
of violet leaves half a handfull of late summer savory a little rosemary
one head and a half of Nouselich one branch and a half
of orpiment red one pound and half of fresh butter with
out salt and add to these some pileworth roots, but rose
leaves & flowers which will better, boyle all in butter untill
the strength of the Herbs is out then straine it as hot as
possible you can through a canvas and put it over the
fire & let it seeth and scume it clean as it riseth &
when it is clear from the thick froth slice in to it
a piece of bees wax half as bigg as an egg then let it
seeth again and scum it, and pour it out into an
earthen pan and when you use it spread some of this
oyment on a linnen cloth and lay it to the part
which paineth all night and if your Piles be inward
you must use this in the natural asopository keep it
in a coole seller and it will be pretty stiffe

Together with the medicine above, the said I^r John
Champan did at a convenient season before the use
of the oymment bathe the part with his warm Urine
before the making use of the chamber pot it must be
made warm before the fire that it may be through
warm when you apply it

15 Memorandum that these 2 application eased & recovered him when he was in greete paine & much danger by the piles and found no benefit by the physicians perscriptions; from My Aunt of Hackney,

For Green sickness

Take of the powder of Steel one ounce prepared of the conserves of the leaves of mugwort 2 ounces of Syrrup of the five roots as much as is sufficient to mix it into an Electuary, & then take the signes of a chestnut every morning for 2 months
from cosen Jess

For a Glisten

Take 16 Spoonfull of milk 12 spoonfull of sack and make sack whay of it then take a new layd egg and only the yolke of it, some double refined sugar a piece of metradate ^{as big as a walnut} and mix them all together but take care that it dont turn to curds & whay, then it wont doe at all, half a pint is enought for a grown body a quarter of a pint for a child is enough
from Mr. Souldner

A cure for the Seate coming Down; Cosen Ash
 Take the sole of a shone only cut the heele of it; it
 must be one that hath a very sweaty foot put into
 a cleare fire and when it is red hot take it out &
 when it is cold beat it to powder and sift it and
 keep it in a glass for use

X First when you use it wash the seete with cold
 water and then strow some of this powder all over it
 then put it gently up with a cloth, then lett the
 party rest still a good while warm and this will
 cure it from coming down any more
 approved by my Mother

Goody Harwoods pills

X Take Cypress Turpentine halfe an ounce Rabarber
 2 drams white amber halfe a dram Peruvian Balsom
 one Scruple make them into 6 Pills of each one dram
 to every dose add 6 graines of Sweet Mercury lett them
 take 6 every night for the whites
 from my Mother

Flooding Glisters

X Take a handfull of plantain leaves and a handfull
 of red rose leaves and boyl them in 3 pints of milk
 till it comes to one pint then straine it out from
 the yerbs and then make use of it
 from M^{rs} Price the midwife

A. G. lister from M^r Porter

Take a good handfull of rue a good handfull of
camomille y carbs & flowers & a handfull of fenell

caraway seeds & fennil seeds cut your yeards and
bruise your seeds, then take a quart of milk &
boyle all these things in it till it comes to a
pint then strain it of, then take a pint of that
Liquor and put in a good handfull of salt & 2 Large
Spoonfulls of brown sugar, then strain it & put
in 3 Spoonfull of oyl take care you dont use it
to hot, for the Colick and Convulsions

Bags for the Wormes

Take Rue Southern wood Savin Wormwood featherfal
Cammomile seeds of all a good Handfull shred them
grossly, heat them thoroughly in a pan with an oxes
gall you must have a long thin bag to put them in
from the throat below the Navel let it be re-
newed in 4 or 5 hours,
And give a. G. lister sweetened with honey every
Sweet

from my Grandmother

For a spraine

18

Take 2 quart of strongest beere you can and 2
handfulls of Rosemary and 2 handfull of bay salt &
boyle all these together and bathe the sprain
if it be inwardly take balm gosseet drink
from my Mother

For a dropsey

Take a sheeps head and brake it into pieces and boyle
it with the woole on, and march mallows and ordinary
mallows roots and leaves and when it is well boyled lett
the party have it put into the close stoole and set
over it as hot as they can bave it and as long as it
is convenient and so use this at severall times, this has
done good

Olo Mr Tarsen

For to cause easy Labor

Take 1 ounce of Succus of Carmis 2 ounces of Sirup
of Clove Gilliflowes 2 ounce of Sirup of Marshm
Take all these & mix them all together & shake
them well and take one spoonfull every morning for
one month before hand and if this quantity doth
not serve mix more

from my mother

A purge for the Head

Take some of y^e roots of wilde white primroses
and stamp them very well but first wash them
clean and dry them in a cloath and ~~young tops~~
of 2 or 3 sprig of sweet. margram with them and
when they be well stamped then straine out the
Juice and when you have arrived to purge your
head hold it back and let sombody pour up
a thimbell full up your nose and it will purge
your head and make you spitt abundantly
as soon as you have done spitting take something
hot and goe to bed

For A Spraine

Take rye flower & make it into a pan
cake with Chamberly and lay it on as
hot as you can bare it
from my Sister Heathcote

For a Sore Throat

Take one Head of houselecke and one ounce
of oyle of white Roses and boyle it into
an oylment and spread a new piece of
flannel and lay this on the Throat and
this will give you ease

M^r Gold oyle of Dowlis for a webbing Eye 20

Take a Long strip of dowlis & roll it with your fingers & leave a hole in the middle of it, then take a plate & set it ~~upright~~ then set it on fire to burn & the oyle will remain on the plate but be sure that you take care of that the ashes ~~donot~~ get among it, then take a feather & Inst draw it through the eye & then, where the yearl is you must stay some time before you doing of it for if you doe it to fast, it will leave a flaw ~~but~~ on the sight at first, this has cured his ~~daughter~~ he told my father ^{him} self

Apothice from M^r Coope for a Sting of a Hornet or ^{Throat} sore

Take Camimile and frye it in new butter with out salt this is the best thing for a hornet sting or a sore throote to asuage it, with out braking, I have seen it made use of, severall times

and this I have seen done take Brandy & dip camimile in Brandy when ~~any~~ inflammation has come with a sprain or a nench or bruise and that hath taken it a way

A Fomentation for an Inflammation
to prevent a mortification

Take Rue, wormwood Rosemary & camo-
mille of each a handfull Wood Ashes two -
Pound Boile them in six quarts of water
to four parts of the liquor clear when
settled and when used add one pint of brandy
or Rhen or any other Spirituous Liquor of
the strenght of brandy you must dip in some
from M^r Coatsworth, *Flannel, & squeezed dry, & apply'd*
very Hot

Lozenges for a Cough

Take a pound of Double refined Sugar, & an ounce of red
Roses & a Lemon pare your Lemon very thin & mince it as
small as you can & mince the roses the same & make them
into lozenges & take some when your Cough is Troublesome

of Turpentine beating the Ingredients over again make up
this Mass into moderate pills four where of are a Dose
two to be taken at night & two in the Morning Drinking a
Glass of Renish or Mountain Wine after Each Dose

a Glister For the Gravill

Take one pint of Milk Turned with half a pint of Sack
boyl in the whey two penny worth of Juniper berries —
Common melle Flowers & Glister Seeds put in 2 Spoonfulls
of Glister Sugar then strain it and put it into the Bladder
with a quarter of a pint of Linseed oyl

The Electuary for the Gravill

Cassia newly Drawn 3℥ss

Pul: Rhabarb Op^t. 3℥ss Cyprufe Serpentine
well washt Seven Drams, Spec: Diatragacanth

Hydgⁿ Pul: Licquoriss 3℥ss

Mix these together in a good Quantity of Syrup
of Marshmallows take of this the Quantity of a good Walnut
in a Morning fasting & Drink a good Quantity of plain
posset Drink immediately after it, one hour after
Make a posset with white wine with Syrup of marsh-
mallows then walke & Eat what you please

For the Gravell

Mrs Hide

Take half a pint of Rysley water & 6 penny worth of oyle of
Juniper berries Sweeten it with Syrup of Marshmallows & drink
it at twice as warm as you Can, it seldom fails to give ease
if not repeat it a gain

an other

Take the Skin that holds the gizzards of Pigeons wipe it Clean

without washing & dry them & beat it to Powder &
 take as much as will lye upon a Shilling in a Glass
 of wine this has been tryed with good Success by
 Lady Macklesfield

an other

Mr Scribo

Take better then half a pint of white wine Sweeten it
 with an ounce of Syrup of Marshmallows & Scrape into
 it the red of nine or eleven reddishes then boyle it all
 together then Strain off & drink it, it seldom ever
 fail

A Powder for the Stone proved by y^e Bishop of Lyncoln & Pope Silvester
 Take of the Seed of Grommeii & Saxifrage of Each 1 ounce
 of Filippendule $\frac{1}{2}$ an ounce of white Amber, Corall
 white & red, of Each 2 Drains, make all this into a
 fine powder mingle them together, Give the patient
 one Spoonfull in broth, this Cures the Stone & it
 never admits of a return, Pope Silvester gave the Doctor
 that perscrib'd it to him £300 p^a Annuum For Ever

an other for the Stone

Take 2 new layd Eggs & dry the Shells between 2 Tyles till you
 can beat them to powder so fine that you may Sift it thro:
 a piece of Lawn, then take a quart of white wine & put it
 in a pan that holds a Gallon then take 2 or 3 flints & heat

99 them in the fire read Hot then take them out & quench
the wine with them as quick as you can one after an-
other, So take the powder all in a spoon & drink a
draught of Posset drink after it

A Still water for the Stone

Take wild time Saxafrages Cellotory of the wall
& Parsley, of Each a good handfull two good horse Redish
& Three others Radish Roots Scrape & Slice the Roots
Pick your herbs Clean, but not wash them put them all
in steep in a Gallon of new Milk & let it Lye 24 hours
if the weather be Cold, if hot, but all right, & So put all
into an Ordinary Still, it will run three Quarts or near
Take Six Spoonfulls of this water & Six of white wine
& Scrape a good Deal of Nutmeg, Mingle them all together
& Sweeten them well with loaf Sugar & drink it three
Mornings together Fasting it must be taken 3 Mornings
before the full of the moon, or three Mornings after
the Change or any time when you feel pain

A Lead Salve

Take two pounds four Ounces of Olive Oil a pound of
white & a pound of red lead both ~~to be beat~~ to be beat, or Ground
very fine, twelve Ounces of Spanish Soap shaved very thin
in Corporate all these together in an earthen pot, that

is well Glazed when you See the Soap Comes upwards
Set it on a slow fire that is free from Smoke let it
Continue there an hour & half till it is turned from gray
to oil Colour or darker, then drop some of it upon a piece
of wood & if it does not Stick to the finger it is enough
pour it into water & when it is Cold put it down close
in a gally pot, it will keep 20 Years indeed the older
it is the better, the pot that you make this quantity
in ought to hold ten or twelve pints --

The Virtues & use of this Salve.

Laid to the Stomach it takes away pains & provokes
appetite, to the Belly it Cures the Collick & Conduive
to Conception, to the Rains, the Bloody flux, running of
the Rains, Heat of the Kidneys, & weakness or pain
in the Back, applyed to the Fundament it Cures the Piles
it disperses Swellings, Draws out the Blackness, & heals
a bruise, laid upon the temples it takes away the head-
ache, & is good for the Eyes, a Plaister of this will
Cure a Sore Throat, pain in the teeth or Swelled face
it breaks Fellons pushes & imposthumes & heals them
it draws out humours without breaking the skin, & it
will heal any wound by washing it every day with warm
Soap Sudds & laying on a fresh plaister, it is Excellent

For burnings taking out the fire & healing them without
any other application, it also dries up the Milk in
womens Breasts

For a Dropsy

Miss Blackall

Take a quart of the Juice of Pellitory of the wall & Clarify
it well to which add three pounds of Clarified Honey, then
boil it to a Syrup in a wine Glass full of french white
~~wine~~ Just Consistence, two Moderate Spoonfulls of the
Syrup in a wine Glass full of french white wine at
night going to Rest & in the Morning two or three
Hours before Rising is admirable in a Dropsy, Short-
ness of Breath gravill or any other obstruction it is
a very Gentle purge a Moderate Sweat a Great
Diuretick, it usually has a good Effect in three days
taking, which uses a pint of wine, for no medicine
in a Dropsey should be taken in much Liquor, but I
never knew it fail of Success in Six or nine days —
Continuance & may be repeated when the patient finds
him Self fill with water, Great Care must be taken
not to burn the Syrup in the boiling for that intirely
Changes the opening quality it is best to make it in
the Month of May the herbs then being in most perfection
& it is best to gather it in the dry, & the Honey should

be old & free from Mixture NB the Juice is Clarified
by Letting it over a Gentle Fire till the Scum rises
perfectly on the Top, & then Let it pass through a Flannel
the Honey is Clarified by Melting & Scumming without
Straining—

an other

Take a handfull of Scurvy Grass, a handfull of green-
broom a handfull of red Sage a handfull of wormwood
& a quarter of a peck of rye Flower & make it into
a paste & dry your herbs very dry, then take your paste
& role it out to be as a pasty then put your herbs in
to it & let it be Baked with bread & when it is Baked
you must have a Bag to put it in, after it is broke
into pieces, then take 2 Gallon of ale & 2 of Small
Beer & put it into a Stean & let it Stand 2 Days, &
Drink half a pint at a time as often as you Can
there is in my Cookery Book another Extraordinary receipt
for the Same ⁱⁿ N^o 9

Mr. Rodier

an other

Take the inner Bark of Elder & when you Cut it off
the Tree you must Cut it down wards, when the out-
ward bark is off you must Scrape the inside down-
wards, then take as much as you Can grasp in your

183 hand & put it into one pennyworth of all
ale & let it infuse for 12 hours, then strain it
through a fine Cloth, drink the liquor so drained
fasting — if it does not purge the first time
repeat it that day & night but if it does you need
only repeat it in 3 months — if the Patient
fills a gain repeat the Medicine
NB if cut upwards tis an Emetick

For a Red or Pimpled Face

Take half an Ounce of the best Rhubarb beaten very
fine a quarter of an Ounce of Senna powdered

a quarter of a pound of Gentian root & a quarter of a pound
of Iris or blew flower de luce let them Infuse 24 hours
then Strain it without Squeezing, then put this Liquor
to that of the herbs & Honey & then boil it to a Syrup
you must order your matters so that one thing, stays not
for an other but all be ready together, take of this Syrup
one Spoonfull Every Morning
an eminent officer in the Great Army with Charles the first
was sent into Barbary, had his quarters there assign'd him

in an old Gentlemans House with whome by great office
 of Humanity he soon Contracted a singular friendship
 & seeing him look very old yet very fresh & vigorous
 asked him how old he was who answered him 132 years
 old & that till 60 he had been a good fellow taking little
 care of him self but that then he had begun to take a
 Spoonfull of Syrup in the Morning fasting, which ever
 since kept him in health, being desired to impart that
 receipt to his guest he freely granted it & the officer
 returned to his Country made use of that Syrup & with
 it preserved him self & many more yet kept the receipt
 secret, till having attained by his Syrup to 92 years
 of age he made a scruple to conceal it any longer

Syrup of Clove Gilly flowers

Take your Clove Gilly flowers Cut them from the white
 then take a pound of the flower & 2 pound of Double
 refined Sugar & a pint of white wine or Sack & a
 pint of Spring water then take 40 whole Cloves & put
 them into an earthen pot, the Cloves & Sugar all together

Cet la L'eau dont M^r Bossu cet ci Souvant Servir
avec Succes pour L'eccepelle Inflammation des

*Luljere a la Jambe pour Leringe' dans les
Gonorhe et pour les Yeux ci on y a coule la
tutia il est bon, Contre la gangrene, est tres bon*

*To assuage a swelling in the Legg
Take Some Rye flower with the Bran in it, Some
wormwood Chopt into it Some Garlick & put to it
about 2 Tea Spoonsfull of Salt & apply it as hot as
you can bear it Repeating to warm it when it grows
Cold*

*A most Excellent Receipt For a Burn
Take Some Oyl, or Burnt Oyl is best, & do the parts
that are Burnt all over with it then take Some Carrots
or Potatos which you Can Soonest get & take off the
First Coat then Scrape as much as will Cover the Burn
Pretty thick & as it dryes put on fresh, Continue doing
this till all the fire is out, this will Cure in 24 hours
but in case you Cannot get Carots, or Potatos, then take
Some onions, & Stamp them, & lay them on repeating it
as it dry's, which will be as good, if it should afterwards
require a plaisier put only the white Cese cloth made of oyl
virgin wax & a little Spermacety, or Turners Cereset, or the
Black Plaster in §. 1.*

For a Burn, Infalluable

Clasp it into Cold water & keep it in till the fire is out if you do not like to do that, hold it in, or Bathe it with Lamp Spirits, Continuing it till the fire is out, it gives no pain or smart, unless the skin is off, but makes it quite Easy, as long as you hold it in the Spirits till all the fire is out, this I have Experienced with Great Success, even to a Burnt Eye, but that I did with 8 double fine Rags dip't in Brandy & lay'd it upon the Eye as well as possible & shifting it pretty often, which in a few hours made a perfect Cure

For an Astma

Take a pint of Milk & of Spring water Set over a slow fire till its reduced to one pint then put in the quantity of a Walnut of Minorca Honey take half a pint at night warm in Bed & the other half pint two hours before you Rise at each time to be drank as warm as possible N.B. avoid Salt meat, Take a Tea Spoonfull of the Honey in the afternoon & \bar{D} in the afternoon

For \bar{D}

Take a Large Handfull of Berbery Bark, 3 Drams of Saffron, a Spoonfull of Cardimum Seeds a quarter of a pound of Reasons

129

Stones, Infuse all these in a quart of Mountain wine with a Lemon sliced in it & take a glass Every morning fasting, you may put a pint of wine to the Ingredients when the first quart is used

An extraordinary never Failing Medicine
For the Drop Seye

Take Some of the best Sallet Oil & bathe the Swelled part afflied a good while warm before the fire then put on a warm Piece of Linnen, & repeat it, till you find benefit & Cured.

For a Sprain

Bathe immediately the part Afflicted with Spirits of Heartshorn till it appears Black, then make a Plaster & look for No. 19 or 38 either of them are Extraordinary Good after you have done with the Plaster 125, & then a Strapping Plaster

For the Same

Take Some Venice Treacle & Mix a little old Rum with it & bathe the parts afflicted with it & spread Some pretty thick upon Lether & put it on, this has Cured after they have been 30 months under the Care of Surgeons

To Cure St. Anthony's fire

Take 4 Ounces of Oil of Elder $\frac{3}{4}$ of an ounce of Linseed

oil, one ounce of Lime water, Beat them together & annoint the affected parts with a feather when going to rest being made warm at first.

a very Good Plaister for a sore Leg

Take Linseed oil a bout half a pint & a penneth of Horse Turpentine & a piece of Bees wax, put this on the Sore then foment the Leg with warm verjuice & role it with a Flannell wetted in the verjuice repeat the Same Every Night till cured. In case the parts should be Inflamed make a Seare = Cloth, made of a little oil & some wax & a little spermacity melted together & dip in some fine Rags & Layd on a Pewter plate till cold then apply it to the part the above ingredients must be melted together & put in a galley pot & then spread.

For a Sprain of an ankle. Dr. Hall

Take half a pound of Salt half a pound of Allum, half a pound of Soft Soap, boil them in two Gallons of water till it comes to one, & then put your ankle in as hot as you can bare it Covering y^e pan Over with a Cloth to keep the Steam in, & when you take your foot out Rap it up in flannell & go to Bed.

In the Small Pox, to be taken
a handfull of Sheep dung Steept in half a pint
of white wine, take a Small wine Glass full at
a Time

A Plaster to Prevent Miscarrying to be Spread
upon thin Leather & apply'd to the Loins when young
with Child & to be Continued till quick

Take Cypress Nuts, & Galls of Each three Drams
Dragons Blood three Drams Lead Stone two Drams
Hearts of Ease three Drams, Myrtle Berries
one Spoonfull Mastick Nutmegs & Olibanum of Each
2 Drams, Powder all these very fine then take Pitch
three Ounces, Rosin & Turpentine of Each two Ounces
melt these over a Gentle fire & when Cool enough
Stir in the Powders & make it into two Rolls & put them
into a bladder being first Oiled to prevent its sticking
& being Exposed to the air

For a Sprain

Mr Parkes

Take two Old Kid Gloves, Cut them in Strips &
put it into half a pint of Old Yeagus & let it on
a slow fire & let it Simmer till it becomes like glue
put it in a galee Pot till Cold, then Spread on Kid Leather

For a Sprain in Fol. 130 the same by
mistake 132

Take half a pound of Salt, half a pound of Allum
half a pound of Soft Soap, Boil them in two—
Gallons of water till it comes to one, & then put
your ankle in it as hot as you can bear it
Covering the pan over with a Cloth to keep the
Steam in & when you take your foot out wrap up
in flannel & go to Bed

For the Jaundice

Take Red Dock Root Scraped & Sliced, Barberry
Bark, of Each a Small handful, 24 Grains of
Saffron, a handful of Earthworms washed Clean
Put all these into a quart bottle of white wine &
let it stand 24 hours then Strain it off & Drink
a quarter of a pint in the Morning & as much in
the afternoon

For a Hooping Cough

Bathe the Childs Back Bone every Night with Rum
& in the Morning also

For the Gravill

Take one Spoonfull of the Juice of Onions
 one Spoonfull of Juice of Commarille one Spoonfull
 of Sweet oyl, two Spoonfulls Mountain wine,
 all Mix'd together Sweeten'd with Honey and when
 warm'd to be Drank at a Draught it has a Tendency to
 keep the Body in good Order & to lessen the obstruction
 with a Divine Blessing attending

Almond Milk

Boil French Barley till the Husks open then put away
 the water, & take more & boil it till the Barley be fully
 Burst then take the water from the Barley & keep it till
 it be Cold then take 20 Almonds to make a pint of Milk
 & Blanch them, & beat them very fine then take the last
 water the barley was boyed in & put in some Powdered
 Sugar then Strain them through a Cloth being mixt
 together & put in a Spoonfull of Rose water & so -
 Give it the Patient to Drink it is Cooling & Corriging
 you may boil a Blade or 2 of Mace with the Barley
 & Some Hearts horn but let them not be broken with the Barley

& file up the hole with the finest Loaf Sugar or white
 Sugar Candy beat very fine, & keep the Egg as hot as you
 can, & as the Sugar melts, Squeeze the Egg gently with
 your hand & a Liquor will Drop from it, put a few
 Drops in a Tea Spoon, & have it Drop into the Eye, or Eyes
 when you that are Blind, when you go to bed, it
 will make it Smart, which it must do, or else it
 it will be of none Effect, a Lady of my acquaintance
 who was taken quite Blind with one Eye, when she was
 a girl, Mr Sharp the noted Surgeon was applyed
 to - as her Eyes Look'd as the other, there being nothing
 amiss to appearance, he told her there was a vain
 which Comes from the Neck & Leads to the Back part
 of the Ball of her Eyes which was the Cause of
 her being Blind, that vain being affected by some
 Great Cold, but would do nothing, but this Medicine
 which she was advised by a good Nurse to Try
 Intirely Cured her & her Sight is now as perfect
 as the other not good for old People, & Decayed Eyes, or herous

Receipt for a Horses Cold
